Let me know what time works for you then. My two O'clock was canceled so I am fairly free this afternoon.

I'll forward to you and Brinda as soon as I get the attendee list complete. BTW, there was one more wrinkle I failed to mention to you this morning and probably not something to put in an e-mail so maybe later today or tomorrow we can chat for 5 min.

Glad you can make it and I think you two can cover anything from your side quite well! Really wish I could call in for the meeting but think I will be in the air at the time of the meeting.

Yes, let's talk tomorrow. We heard from their attorneys about asking CEQ for their agreement to allow an emergency modification to NEPA requirements. We've heard back from CEQ that it's up to our discretion if we want to allow what they're proposing. So I'm a little curious what they are pursuing with you. I'm working from home tomorrow so just let me know when you'd like to talk.

Hi Laura,

I am setting up a meeting here at Potomac Yards South for Thursday Feb 9 at 3 pm with Jack and Camilla. Am hoping you and perhaps others in your group can make the meeting or call in. If you can identify those likely to be included in such a meeting, I will forward them the invitation through calendar invite.

I'm around tomorrow if you want to chat about the genesis for and purpose of this get together.

Thanks

Chris
